The Chairman in his letter dt 26-5-54 flagged T (page 21 of the correspondence portion) says that 2.3 guntas of land (quarry portion) was left out of acquisition, with the consent of the Govt in view of heavy acquisition charges, (2) that she represents that quarry portion may also be acquired

and compensation for the quarry plains and (3) that the Engineer officer has reported that the quarry in question is very small and there is no prospect of working the quarrying for any considerable time for these reasons, the chairman observes that further acquisition or otherwise of 23 guntas left out does not arise and that the party had also been apprised of this fact. He orders whether the chairman's view may be accepted or whether orders issued to acquire the remaining portion having regard to the facts that the party will get no benefit out of the land left out, as he has been directed to stop working the quarry by the geology dept and that this portion will also serve no other purpose. To,

The Honourable Minister for Local Self Government

Respected Sir,

Petitioner: Munigaramma, wife of Papiah,
Byrasandra village, Bangalore

*****

Sub: Compensation for S. Nos.89/5 and 98/3.

I, the petitioner abovenamed most humbly and respectfully, beg to bring the following few lines for the kind consideration of your honour and early and favourable orders thereon:-

I am the owner of lands bearing S.Nos. 98/3 and 89/5 situated in Byrasandra village, Bangalore South Taluk. The said lands have been acquired by the City Improvement Trust Board for the Jayanagar, "B" Block Extension. I have also been awarded compensation for the said lands at the rate of Rs.1500/- per acre as per L.A.C.897 and 901 of 47-48 dated 29.12.52. I beg to submit that I have incurred heavy expenses to convert the revenue land to building site amounting to thousands of rupees. I have no other means of livelihood except these lands. I am a family lady being the head of a large family consisting of 16 souls.

Recently compensation has been awarded in the civil courts for lands acquired in Byrasandra village at rates ranging from Rs.2775/- to Rs.3000/- per acre. Also compensation has been awarded in lands situated in Siddapura and Lalbagh Upparahally, Kanakanapalya

(12)

Kanakanapalya Dakhale, at the rate of Rs.3,600/- per acre. My land is situated on the borders of Siddapura village and as such it commands a higher price, The said land was acquired just at the time I was about to pay the special fine and convert it into a building site. Herewith I have also enclosed a copy of the endorsement in connection with the same. My land is just about 30 yards from S.No.29/2 in Siddapura village. The owner of the said land is one Sri Doddanna and compensation has been awarded in the court of the District Judge, Bangalore at the rate of Rs.3,600/- and the Trust Board have paid the amount without going up in appeal. I am a poor Ka woman belonging to the Depressed Classes. I therefore pray that I may also be paid compensation at the rate of Rs.3600/- per acre for my said two surveys numbers. My land is situated near the Sanitorium and the water tank and as such it commands a high price.

If your honour were to kindly grant my just prayer all the unnecessary expenses for the government as well for myself if we are compelled to go to court. I am a poor and helpless woman and I therefore request you sir to save me all further and unnecessary trouble.

I have been making records for payment of special fine and in this connection I have taken loans from Sri Nanjundappa, son of Basappa, Chikpet, Bangalore city, amounting to Rs.3350/- and I have also borrowed from Byrasandrada Nallanna, a sum of Rs.1800/- by mortgging my lands, and in this a manner all my monies which I received towardsxxx compensation for my lands at the

(13)

at the original rates has been exhausted and I am left an orphan. The said persons have received the amounts through means of the Trust Board Cheques and this can easily be verified.

On a kind consideration of the above facts I request you sir to be so good as to kindly grant me compensation at the rate of Rs.4000/- per acre.

As the said land was acquired just at the time when it was about to be converted into a Building site and just at the time when the permission was about to be granted for the same, it is highly just and expedient that I be granted compensation at the rate stated above.

If your honour were to grant my prayer I will invest the money in some suitable manner and eke out my livelihood.

OFFICE OF

The Chairman, City Improvement Trust Board, Bangalore.

Date 25th May 1954.

To

The Secretary to Government,
Local Self Government and Planning Departments,
Bangalore.

Sir,

Subject:- Petition of Smt. Muniguramma regarding - her lands in S.No.89/5 and 98/3 of Byrasandra village.

Ref:- Your letter No.L.15472/E dated 24-2-54.

With reference to the above, I write to state that the total extent of S.Nos.89/5 and 98/3 is 3 acres and 6 guntas, owned by Smt. Muniguramma out of which 2 acres 23 guntas was acquired leaving the quarry portion of 23 guntas with the consent of the party in view of heavy acquisition charges. She now represents that the quarry portion may also be acquired and the compensation for land and quarry may be paid. The Engineer Officer has reported that the quarry in question is very small and good portion of it has already been worked out and there is no prospect of working the quarry for any considerable length of time. Smt. Muniguramma has claimed a huge amount of Rs.29,700/- for the quarry portion of 9 guntas and Rs.1236-4-0 for 14 guntas of arable land. As this portion of land was not required by the Board it was left out to the Party without acquisition.

2) In the circumstances further acquisition or otherwise of 23 guntas already left out does not arise. The party has also been apprised of this fact.

Yours faithfully,

(R. Madhavan)

PETITIONER:-

Muniguramma, w/o Papiah,
Byrasandra village, Bangalore South Taluk.

Sir,

I, the undersigned petitioner most humbly and respectfully submit my pitiable case, render me the first aid for the starvation of my family for your kind and sympathetic consideration and favourable order:-

I beg to submit that I belong to depressed class community and I am a family woman of 16 children suffering the gre test hardship for maintenance. Now I beg to approach you, Sir, that the Chairman of the Trust Board has been refused to sanction my request. Hence this petition.

That 23 guntas of rocky portion out of S. No. 98/3 of Byrasandra village is left to the petitioner unacquired as per endorsement No. LAC 931 of 47-48 dated 9th April 53 of the office of the Special Land Acquisition Officer, City Improvement Trust Board, Bangalore.

2. The Government were pleased to specially order conversion of this land into building sites, previously as per the records built up in the Government. This was not approved. Her best portion of the land under cultivation was acquired and she was deprived of agricultural operations and only the source of maintenance. She has got 16 persons to be maintained.

(23)

2131.

The petitioner has submitted an estimate on 14-3-52 to the Chairman, City Improvement Trust Board and to the Special Land Acquisition Officer, City Improvement Trust Board, Bangalore, to acquire this rocky portion also as it will serve no purpose to the petitioner and claiming compensation but they have not been chosen to acquire this property paying the compensation as per the estimate submitted by the petitioner.

No useful purpose will be served by leaving the petitioner this 23 guntas of land out of S. No. 98/3 belonging to the petitioner when the remaining extent of cultivable land was acquired by the City Improvement Trust Board. The petitioner will be put to great loss consequent on the decision taken by the Trust Board.

The petitioner's husband Papiah had applied for the grant of a license to quarry the rock in the said portion to the Director of Geology in Mysore, Bangalore, Even this license had been refused by the Director of Geology in Mysore, dated 19th March 52 on the ground that this land was acquired by the City Improvement Trust Board and the petition r would be punished if she takes up the quarry work. Even this respect also I have been deprived of the large income. With all these, the Trust Board has now refused to acquire this portion so as to cause great loss to the petitioner.

The Executive Engineer, Trust Board, has also made an estimate on 25-3-54 visiting the spot and also directed the petitioner to give her statement before the Acquisition Officer. As per the order of the Chairman, the petitioner has also given statement ~~xxxxxx~~ and the report has been called for by the Chairman.

In this connection I beg to state that the Trust Board have granted compensation to the rocky portion to one Sri Manickyavelu, having acquired his rocky portion in S. No. 175

(24)

of Kethamaranahalli, in L.A. Mis. No. 8/50-51.

Under the above circumstances I humbly pray that you may be kind enough to interfeere in the matter and give all possible help to the petitioner by directing the Chairman , City Improvement Trust Board to acquire immediately the rocky portion and ~~to~~ grant adequate compensation as the petitioner has suffered very much loss on account of the acquisition of her valuable land .

The petitioner has herein enclosed a postal stamp of 0-2-0 for kind reply.

L. T. Mark of Muniguramma.

Banglore,

Dated 26th May 54.

PETITIONER.

N. B. The petitioner submits that on account account of refusing to grant quarry license on the strength of the Trust Board acquiring the property, I have been put to great loss since three years. Therefore the Trust Board is liable to pay damages for the last three years on their failure to acquire the land and stopping issue of license to quarry the stone.

Re:- Prayer for acquisition of 23 guntas in S. No. 98/3, or directing the Director of Geological Department, to grant license to quarry of Byrasandra village, Bangalore South Taluk.

The petitioner begs to state as follows:-

1. That the petitioner is the owner of S. No. 98/3 of Byrasandra village, Bangalore South Taluk, Bangalore, measuring 3 acres and 6 guntas. As per the Special Land Acquisition Officer, City Improvement Trust Board, Bangalore, the said land along with other lands of the petitioner was ordered to be acquired in the year 1952. But finally the City improvement had acquired only 2 acres and 23 guntas and left the remaining portion of 23 guntas out of S. No. 98/3. The said 23 guntas of land contains rocky.

2. The petitioner submitted petitions to the City improvement Trust Board, Bangalore, praying for the full acquisition of the said number and also to the Director of Geology in Mysore, Bangalore, for the grant of quarrying license in the unacquired portion of S. No. 98/3. The City Improvement refused to acquire the remaining portion of 23 guntas. The Director of Geology in Mysore, also refused to grant quarrying license on the ground that the land would be acquired by the City Improvement

Trust Board as per his endorsement No. G. 7799 dated 20th March 1952. Thus the petitioner has been deprived of his prayers.

3. The petitioner begs to submit that other agricultural lands belonging to the petitioner in other survey numbers have also been acquired. Major portion of land in S.No. 98/3 was acquired and left only 23 guntas of kharab portion which is not at all useful to the petitioner and rendered waste to her. Even the quarrying license has been refused. If quarrying license has been granted the petitioner would have benefitted by un-acquisition.

4. I have claimed compensation to this rocky portion from the City Improvement Trust Board. Upon this the City Improvement Trust Board called for an estimate from the Trust Board Engineer, who inspected the spot and made an estimation of Rs. 6000/- and submitted his report.

5. This Hon'ble Office has been pleased to issue an endorsement to the petitioner dated 10th July 1954 No. L. 4121/I/B 11-54-15 on her petition, refusing her prayer for acquisition.

6. The petitioner submits that she has a good cause for the acquisition which can be strengthened by calling for the records from the City Improvement Trust Board, Bangalore, Director of Geology in Mysore, Bangalore, Executive Engineer, Trust Board, Bangalore. All these records bear favourable disposal in my favour. The unleft portion is not at all useful to me.

7. The petitioner belongs to a depressed class. She is entirely depending upon this alone for the mainterance as the Trust Board have acquired all her other agricultural lands and she is finding it very difficult to maintain a big family.

8. Therefore the petitioner most humbly prays that the

Wherefore the petitioner prays that the connected records relating to S. No. 98/3 of Byrasandra village, from the office of the City Improvement Trust Board, Bangalore, Director of Geology in Mysore, Bangalore and the Executive Engineer, becalled for, peruse the same and be pleased to direct either for acquisition of this remaining 23 guntas of land or direct the Director of Geology in Mysore, Bangalore, quarrying license to the petitioner, for which act of kindress I shall ever remain grateful to you.
